APPROVAL..... OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to existing rights. It is understood that the amount of water herein granted is only a temporary allowance and that the final water right obtained under this permit will be dependent upon the amount of water actually placed to beneficial use. It is also understood that this right must allow for a reasonable lowering of the static water level. This well shall be equipped with a two (2) inch opening for measuring depth to water. If the well is flowing, a valve must be installed and maintained to prevent waste. A totalizing meter must be installed and maintained in the discharge pipeline near the point of diversion and accurate measurements must be kept of water placed to beneficial use. The totalizing meter must be installed before any use of water begins, or before the Proof of Completion of Work is filed. This source is located within an area designated by the State Engineer, pursuant to NRS 534.030. The State retains the right to regulate the use of the water herein granted at any and all times.

This Permit does not extend the permittee the right of ingress and egress on public, private or corporate lands.

No perforations shall be put in the production casing from ground level to 100 feet.

(CONTINUED ON PAGE 2)

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed..... 0.1408..... cubic feet per second, but not to exceed 1.93 million gallons annually.

Work must be prosecuted with reasonable diligence and be completed on or before..... January 8, 1989

Proof of completion of work shall be filed on or before..... February 8, 1989

Application of water to beneficial use shall be made on or before..... January 8, 1991

Proof of the application of water to beneficial use shall be filed on or before..... February 8, 1991

Map in support of proof of beneficial use shall be filed on or before..... N/A

Completion of work filed..... MAR 10 1989..... IN TESTIMONY WHEREOF, I..... PETER G. MORROS

Proof of beneficial use filed..... MAR 02 1992..... State Engineer of Nevada, have hereunto set my hand and the seal of

my office, this..... 8th..... day of..... January.....

Cultural map filed.....

Certificate No. 13433 Issued JUL 28 1992 A.D. 1988

(PERMIT TERMS CONTINUED)

The total combined duty of water under Permits 25194 Certificate 8077 and 50773 shall not exceed 1.93 million gallons annually.

The issuance of this permit does not waive the requirements that the permit holder obtain other permits from State, Federal and local agencies.
